

AHC Supporters Tour Westover Apartment Renovation

In July, AHC supporters George and Jean Meek, Ray and Dana Koch, Lawrence MacDonald, and board member CC Jenkins toured the Westover Apartments renovation. Work on the final phase will be completed by the end of September. Visitors had a chance to walk through some of the renovated apartments, see the brand new kitchens and appliances and expanded community center, and experience the new playground. The 153-unit historic garden-style community, located along Washington Boulevard in Arlington, will have an Open House in the fall.
